The Honorable Nancy Pelosi
Speaker of the House
United States House of Representatives
H-232, U.S. Capitol
Washington, D.C. 20515

Dear Speaker Pelosi:

The only way we get things done in Washington is by working together to achieve real results for the American people. I believe we should be looking at what we can achieve through bipartisanship, not division, in order to meet the needs of individuals, families and small business impacted by the pandemic.

I am writing to ask that you would bring before the House of Representatives bipartisan COVID relief legislation that could also pass the Senate and be signed into law by the President. Unfortunately, so far, the House has only considered partisan legislation that has no chance of being signed into law.

I believe there is common ground to provide relief to millions of struggling Americans through continued unemployment relief, extension of the job saving Paycheck Protection Program and an additional round of individual economic impact payments. Just this week, President Trump expressed a desire to consider just this type of proposal. It is critical that we come together and deliver a commonsense bipartisan solution before leaving Washington.

Thank you for your attention and continued work to respond to this public health and economic emergency.

With kind regards, I remain

Sincerely,

Robert J. Wittman
Member of Congress
